

Early Childhood Mentoring Program

Boosting Cultural Diversity in Early Childhood

The Early Childhood Mentoring Program aims to boost cultural diversity in the early childhood education sector by empowering new workers into purposeful careers that make a big impact in their communities for a brighter, more inclusive future.

If you're currently studying a CHC30121 - Certificate III in Early Childhood Education and Care or CHC50121 - Diploma of Early Childhood Education and Care with us, you may be eligible to participate in the Early Childhood Mentoring Program, an opportunity that opens doors to additional mentoring, support, and meaningful pathways into the workforce.

Additional support for program participants:

- Extra study support and one-on-one mentoring
- Financial support through study resources and travel allowance
- Free access to onsite childcare services (subject to availability)
- Pre-employment and post-employment support

For more information and application details please contact
